## Mark Lane Aligns Self With Garrison

ORLEANS (UPI) —  
Lane, outspoken critic of  
Warren Commission and author  
of the best-seller "Rush to  
Judgment," has identified  
himself with Dist. Atty. Jim  
Phelan's investigation into the  
assassination of President John F.

and he had been shown  
century evidence" which  
had "completely confirmed  
and more convinced than  
that Garrison holds the  
key to the assassination

said he had been working  
the New Orleans district  
attorney "for some weeks," and  
document he had been  
did not rely on the testi-  
of any witness. He re-  
to go into further details.  
he also declined to let news-  
get a close look at two  
he presented as memo-

ness Perry Raymond Russo.  
Lane said the two  
proved a Saturday Evening Post  
article by James Phelan did  
not hold up at all."

Phelan's article, "Rush to  
Judgment in New Orleans,"  
questioned the Russo testimony  
and Sciambra's methods of se-  
curing it. Russo was the main  
witness against defendant Clay  
L. Shaw during a preliminary  
hearing.
